OUR TUTORS ARE  
EXPERIENCED PROFESSIONAL  
EDUCATORS WHO HAVE A  
PASSION FOR TEACHING AND  
HELPING STUDENTS SUCCEED.

## Our Vision:

At S.O.A.R. Tutoring and Advocacy, we believe that every student is unique and wants to succeed. We also realize that in this uniqueness, children have their own learning styles, preferences, and/or difficulties. Our experienced tutors carefully assess individual learning strengths and weaknesses, develop individualized lessons, and work with your child's special needs. Individual progress is communicated regularly to monitor goals for student academic success.

Not only does S.O.A.R. Tutoring and Advocacy provide students with individualized instruction using the latest research-based resources, it also provides up-to-date resources for parents to access and supplement from home, providing the best possible learning program for your child

## Our Goals are to:

- Identify the strengths and needs of your child.
- Target and determine specific gaps in learning and foundational skills.
- Teach strategies that can be utilized when completing academic and functional activities at school and at home.
- Instruct based upon your child's learning style and pace of learning to achieve true academic and functional potential.
- Provide community support to families of children with special needs through our quarterly Parents Empowering Parents seminars.

### We provide highly individualized one-on-one instruction.

We carefully match our tutors and students to ensure optimal learning success. Our enthusiastic tutors create instruction that is correlated with NC state curriculum along with Common Core and its underlying standards. Each tutoring session is based upon the child's individual needs and current goals.

### Progress monitoring is key to using the S.O.A.R. approach.

We carefully match our tutors and students to ensure optimal learning success. Our enthusiastic tutors create instruction that is correlated with NC state curriculum along with Common Core and its underlying standards. Each tutoring session is based upon the child's individual needs and current goals.

### At-home Student Resources are available to students for more practice.

Our S.O.A.R. Student Practice Webpage allows students to contact their tutor, practice targeted skills, and seek homework help using online resources.

**5 PAID, 1 TO AID**

S.O.A.R. donates tutoring sessions to children in our community who would not otherwise be able to afford tutoring services. For every fifth session purchased by our customers, S.O.A.R. Tutoring and Advocacy provides one free session to a child. Through this program, we are able to provide long-term tutoring and advocacy services to children who need help in our community.
